The new eye clinic in Granada was dedicated by Monseñor Jorge Solorzano of Granada and Father Jimmy Jeanfreau of New Orleans. The eye clinic, *Casa Cristo Sana* is located near the Central Park of Granada.

The clinic is a large room with two refracting lanes and air conditioning. Most of the equipment was donated

Dr. Jane McDow

Dr. Jeanne Herman

by the Louisiana Optometry Association under the guidance of Jim Sandefur, OD. Dr. Jeanne Herman, OD, David Munn and myself, all from New Orleans, helped open the clinic in January. The clinic gave out over 500 pairs of reading glasses in its first

week of operation. An additional 80 pairs of prescription glasses will be made in New Orleans and brought back to Granada in April. Several patients were treated for eye infections, foreign bodies and glaucoma. Patients found with cataracts were referred for cataract surgery in February. This new eye clinic will be very beneficial to the Granada community.
