Sponsored by Allergan

Friday, June 16

7:00-8:00am

Registration & Continental Breakfast

"Showcase of Vendors" OPENS (Display Tables)

8:00-9:40am

IOP Beyond the Numbers - Lee Peplinski, OD, FAAO

2 hr TPA CE

COPE # 49005-GL

IOP is a noisy data point on which we depend for several clinical decisions in glaucoma management. What are the most important features of IOP and how much emphasis should you place on this number.

Premier 3

10:00-11:40am

Ocular Conditions That Point to Something Further- Case Examples

2 hr TPA CE

Lee Peplinski, OD, FAAO

These cases will challenge even the most seasoned clinician. From patient presentation, history, testing and results, to differential and final diagnoses and treatment plan, these cases are sure to promote problem-oriented evaluation and evidence-based treatment.

Premier 3

Special Vendor Presentation by Alcon (2017 OAL Platinum Sponsor) will follow morning CE, just prior to adjournment for lunch

NOON-1:30pm

Luncheon for ODs

Cypress 1

SECO Report:

Dr. Lynn Hammonds, President (Hoover, AL)

AOA Keynote Address: Dr. Bob Layman, Board of Trustees (Ohio)

OAL Annual Members Meeting

1:30-3:10pm

Lessons Learned: What I Wish They'd Told Me About Laser Surgeries

2 hr TPA CE

Lee Peplinski, OD, FAAO

This course reviews various optometric laser procedures in a grand rounds-type format. Clinical pearls and lessons learned the hard way that aren't routinely shared are presented by an O.D. on the front lines of providing these procedures.

Premier 3

3:30-4:30pm

TECHNOLOGY SYMPOSIUM

1 hr GENERAL CE

Sponsored by Essilor/Gulf States Optical

Premier 3

3:30pm

Saturday, June 17

7:00-8:00am **Registration & Continental Breakfast**
Past Presidents Breakfast (by invitation only) Riverboat Room

7:00am **"Showcase of Vendors" RE-OPENS (Display Tables)**

8:00am-9:40am **Current Trends in Medical Management** 2 hr TPA CE
Ron Melton, OD, FAAO & Randall Thomas, OD, MPH, FAAO **COPE # 44546-PH**
Treatment strategies and therapeutic agents continually change for a variety of ocular conditions. This course will address some of the advances in therapeutic options for acute and chronic ocular diseases. Relevant drug classes, latest information, clinical application of pharmaceuticals are reviewed.
Partially supported by an unrestricted educational grant from Bausch + Lomb **Premier 3**

9:40-11:20am **Melton-Thomas Clinical Grand Rounds** 2 hr TPA CE
Ron Melton, OD, FAAO & Randall Thomas, OD, MPH, FAAO **COPE # 51915-AS**
Challenges in treating a wide variety of anterior and posterior segment diseases are shared in a clinical rounds format. This course covers both common and not so common ocular disorders encountered in over 70 years of combined clinical practice. An interactive approach is used to discuss diagnosis and management strategies involved with each case presentation. Clinical pearls will be shared to enhance patient care with our colleagues.
Partially supported by an unrestricted educational grant from Bausch + Lomb **Premier 3**

11:45am-1:15pm **OAL Awards Luncheon with installation of Officers (ODs, Students, Paras, Registered Guests)**
Premier 1 & 2

1:30-3:10pm **Scleral Lens Fitting Concepts** 2 hr TPA CE
Jason Jedlicka, OD, FAAO, FSLA, FCLSA **COPE # 43430-CL**
This course will review the history, indications, and advantages of scleral lenses for various ocular pathologies. The process of fitting a patient with scleral lenses will be explained including choosing the initial trial lens, assessing the fit in the slit lamp, and adjusting the lens parameters to achieve a successful fit. Instruction on how to coach patients on insertion and removal as well as lens care and handling will also be given.
Presented by Alden Optical & Sponsored by SECO International **Premier 3**

3:30-5:10pm **Scleral Lens Learning Lab (SOLD OUT!)** 2 hr General CE
Jason Jedlicka, OD, FAAO, FSLA, FCLSA
This hands-on workshop allows those interested in fitting scleral contact lenses an opportunity to fit one of the most commonly prescribed lenses. Fitting relationships will be evaluated using slit lamps and anterior segment OCT, and tips for adjustment will be discussed.
Presented by Alden Optical **Bayou/Levee room**

3:30pm **LOUISIANA STATE BOARD OF OPTOMETRY EXAMINERS ANNUAL MEETING** **Premier 3**
All licensed Louisiana ODs are invited & encouraged to attend this brief meeting and election of a new board member for the LSBOE. Questions regarding rules, laws are welcomed.

4:00pm **Student Roundtable Discussion with OAL, SECO, AOA Leaders** **Premier 3**

5:00pm **"Showcase of Vendors" (Display Tables) CLOSES for the day**

6:00pm **"Eye Rollers" Gaming Night: @ the Hotel** **Premier 1 & 2**

Fun for the entire family! Come enjoy a wonderful buffet dinner with complimentary drinks all night, a dance floor with a DJ & music, plenty of socializing, and fun at several table games playing for "chips" used to bid on thousands of dollars' worth of prizes at evening's end. For the younger gamers we'll have an area with inflatables, age-appropriate games, & face painting, all sure to make the evening memorable.

Tickets are only \$25 per person (optometry residents, optometry students, & kids 12 & under admitted free!). Get your tickets today!

Sunday, June 18

7:00am

Registration & Continental Breakfast
"Showcase of Vendors" RE-OPENS (Display Tables)

8:00-9:40am	The Surgical Minute Walter O. Whitley, O.D., MBA, FAAO <i>This course will discuss optometry's role in the peri-operative management of the most common ophthalmic surgical procedures including femtosecond laser cataract surgery, cornea transplants, glaucoma filtering procedures, retina treatments and oculoplastic surgery. Topics include an overview of advanced surgical treatment options, indications for surgery, advantages and disadvantages of the procedure and post-operative care.</i>	2 hr TPA CE COPE # 52242-PO <i>Premier 3</i>
-------------	--	---

10:00-11:40am	Trauma for the OD Walter O. Whitley, O.D., MBA, FAAO <i>As the primary eye doctor, optometrists are often the first to encounter patients who have suffered from ocular trauma. These ocular conditions can range from a small corneal abrasion to a penetrating foreign body to an open globe. Using case examples, presenters with discuss several ocular trauma conditions and how to best manage them.</i>	2 hr TPA CE COPE # 43448-AS <i>Premier 3</i>
---------------	--	---

Showcase of Vendors" (Display Tables):
